

MILES

PERSONAL CARE FOR TEENS

Puberty is fierce and body odor is inevitable. Miles was made just for teens with clean ingredients to get rid of that funk!

Miles Deodorants neutralizes underarm stink with hardworking, plant-based ingredients designed to stop odor-causing bacteria, absorb wetness and sooth your skin.

Combines magnesium hydroxide to neutralize odor-causing germs, mango butter and safflower oil to deliver a great glide upon application and aloe leaf extract and hyaluronic acid to soothe skin.

Miles Antiperspirants stops sweat AND stink in one carefully formulated stick designed to inhibit sweat on the surface of skin, stop odor-causing bacteria and glide on smooth.

Combines aluminum to prevent sweat on the surface of the skin, sunflower and castor oil to moisturize and hydrate skin while reducing irritation and aloe leaf extract and hyaluronic acid to soothe skin

Miles packaging is 100% recyclable and employs a proprietary design engineered to biodegrade rapidly in biologically active landfills and environments.

Miles Deodorant works hard for all teens.

Fresh is an invigorating blend of grapefruit, ocean minerals and a hint of agave. It's the "*driving with the windows down*" scent.

Clean is crispy citrus with lemon, orange and amber notes. It's the "*positive morning mood*" scent.

Rugged has bold depth and a bit of spice thanks to cedar, cardamom, rosewater and amber. It's the "*laid back vibes for all occasions*" scent.

About The Founder

Created by retail and consumer products expert Carly Broderick when she was looking for personal care products for her own tween son and not finding a brand that met his needs or her expectations. Miles products work hard, use naturally derived and naturally sourced ingredients, are infused with inviting scents - and all of this is wrapped in a modern, inclusive brand. Miles knows that smelling good and feeling great helps teens be their authentic selves, every day.
